

MOVING FORWARD

SUNSHINE COAST is hosting a community event

to help the public learn more about the **Australian Government's new compensation scheme for those who have experienced injuries caused by the Covid-19 vaccines. The scheme was introduced in December 2021 and will expire in April 2024.**

Donna McManus founded **Murphy's Law Accident Lawyers** in 2014. Donna leads the Murphy's Law team in the assessment of Covid-19 injury compensation claims.

Donna will guide us through completing the paperwork and lodging the claim for compensation.

Allyse Liddy is currently studying a Bachelor of Laws at QUT. Allyse played a key role in the development of the Murphy's Law vaccine claims division.

Raelene Kennedy is the brave mother of Caitlin Gotze who suffered an adverse reaction after her 2nd Covid-19 injection and passed away at her place of employment in November 2021.

Raelene is actively raising awareness of the potential injuries and deaths as side effects of Covid-19 vaccines.
